A Neighborhood Directory

At the beginning of this year, the City of Roseville began using Nextdoor, (nextdoor.com), a private social network for neighborhoods. Nextdoor is designed to foster neighbor-to-neighbor and citywide communication, help build stronger community ties and facilitate a virtual neighborhood watch.

Nextdoor is free to use. To sign up, go to nextdoor.com and enter your address. Nextdoor then verifies that you live within a neighborhood in Roseville. Information shared on Nextdoor is password protected and cannot be accessed by those outside your neighborhood or found on Google or other search engines.

The City of Roseville periodically posts important information, such as crime and safety updates or local events and city news, to Nextdoor neighborhood sites within the city. The City will not be able to access residents contact information or content.

People are using Nextdoor to:

- Quickly get the word out about a break-in
- Organize a Virtual Neighborhood Watch Group
- Track down a trustworthy babysitter
- Find out who does the best paint job in town
- Ask for help keeping an eye out for a lost dog
- Find a new home for an outgrown bike
- Finally call that nice man down the street by his first name

Signing up on Nextdoor DOES NOT mean you have joined the Woodcreek Oaks Neighborhood Association, but it does provide another means for disseminating information to all residents living within the Association boundaries. WONA is NOT affiliated with Nextdoor, but simply uses it as a tool for updating residents about events and other Association functions.
